

REGIONAL SPRINT QUALIFYING REGATTA

SATURDAY 5TH – 6TH DECEMBER 2020

LAKE KARAPIRO

W1 CANOE WEIGHING

In 2018 TPOTI implemented a new weighing system where canoes were weighed prior to the event in regional hubs. The feedback received regarding this was positive and it was used in 2019.

Regional Hubs will hold 1-2 opportunities across the rohe for paddlers to weigh their canoes. Each hub will have at least 2 different clubs participating doing the weighing and verifying, or a member of the TPOTI executive committee.

Details of your canoe and weights will be recorded and will form the register that will be used at the event to check canoe weights as you come off the water. This year all canoes that have weighed under the 16kg minimum weight will be spot checked.

The scales that will be used for the spot checks will be available to paddlers with canoes that are weighted up to legal requirements to check against prior to the commencement of the regatta (Friday night until 8pm and Saturday morning until karakia).

IMPORTANT

If you know your canoe will be under 16kg you will need to bring appropriate weights to the regional hub weigh in. Appropriate items to use - small weight plates, ankle weights, bags of sand or rice that can be sealed – come prepared with what you need please

If additional paddlers are using the same canoe please provide the weighing team with the details – paddler, club, race division

REGIONAL HUBS

TARANAKI

Sunday 29th November, 10am
Ngamotu Beach.

Coordinator: Nathan Tuuta 0276275363

Eastern BOP WHAKATANE

Monday 30th November, 5pm – 6pm
Whakatane Heads Carpark, Muriwai Drive

Coordinator: Ivan Hindmarsh 0276209765
