

Hoe Matariki

Te Tai o Aorere Tasman Bay Outrigger canoe club

June 24/25 2022

Day 1 Relay and Novice. Cold wet conditions greeted the novice w6 and the relay oc1s and Oc2s. Flat water with light southerly winds gave our novices and relay crews ok conditions. Lots of smiles!

Our support boat provided by Hayden and Toni @ Earth electrical supported our paddlers and did a great job!

Hot soup and home cooking warmed people up during the event!

Toni Chittenden from Ray White Real Estate presented taonga to our competitors and the tent she provided kept our volunteers and supporters dry!

Day 2 unfortunately due to an unsafe race course was cancelled. It was a very tough call to make and I thank those who guided me making the call.

Thank you to those paddlers who travelled from near and far. Lets hope next year we can have another go....
