

#### BACKGROUND

Te Waka o Aoraki Regional Sprints – held every December as a build up to the Waka Ama NZ National Sprint Championships, including being the qualifying event for regional W1 and W12 paddlers to compete at the Nationals.

#### **1. INTRODUCTION**

- **Event Name**: Te Waka o Aoraki Regional Sprints
- **Event Dates:** 10 December 2022
- Contingency Dates: 17 December 2022
- **Event Location:** South Eyre Lake, 2754 South Eyre Road, Eyrewell, Waimakariri District
- **Event Start Time:** 8.00am Registration 8.30 Karakia 9.00am racing starts
- **Event numbers competitors and Spectators:** 150 competitors (max) 100 spectators
- **Event Support Boat:** Naval Point Rescue Boat / Rescue Boards

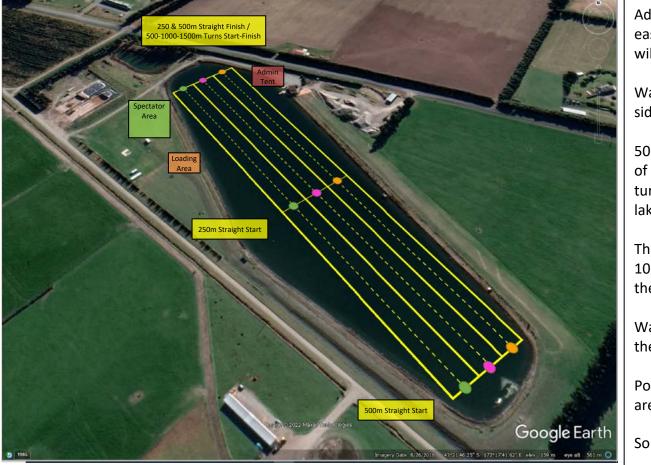

Number of Competitors on the water at any one time: 18 + 18 in a W6 event; 6 + 6 in a W1 event (racing + paddling to start line)

Event Outline:W6 & W1 Waka Ama Sprint Regatta with 1500m & 1000m turn, and 500m & 250m straight races.This event is held as a qualifying regatta for Waka Ama New Zealand's National Sprint Championships, held at Lake Karapiro in January<br/>every year.

### South Eyre Lake Venue and Race Course Map

Admin tent/area will be near the finish line on the eastern side of the lake, while the spectator area will be opposite, on the Western side.

Waka will be loaded/unloaded along the Western side of the lake and away from the spectator area.

500m Straight Race start line is the Southern End of the Lake. 250m Straight Race start line (and turn race turning buoys) are in the middle of the lake.

The 250 / 500m Straight Race finish line and 500 / 1000 / 1500m turn race start & finish line is near the Admin Tent at the Northern end.

Waka must stop suddenly at the Northern end of the Lake.

Portable toilets will be located near the spectator area.

South Eyre Lake is a private lake.

#### **3. RISK ASSESSMENT**

The purpose of this part of the safety plan is to undertake a comprehensive risk assessment to determine support boat/ lifeguard and medical support requirements and form part of an effective event decision making protocol and communication to all participants.

a. 'Environmental' risk assessment

| Past experience for the same or similar events     | TWoA have held their sprint event at various venues since 2003, and have a good understanding of event logistics and needs, as well as venue/site and weather related risks. In particular, the wind in Canterbury can be an issue later in the day, with strong NE, NW of SW winds causing difficulties. Hence the event is planned to run from 9am through to 2-3pm to avoid stronger afternoon winds. |  |  |  |
|--|--|--|--|--|
| Anticipated number of competitors                  | 100-150 competitors  |  |  |  |
| Number of competitors on the water at any one time | Up to 36 in W6 races (max 18 or 3 x W6 racing; and 3 x W6 paddling to start); Up to 12 in W1 races (6 x W1 racing; and 6 x W1 paddling to start)   |  |  |  |
| Number of waka on the water at any one time        | As above: 6 in W6 races; 12 in W1 races  |  |  |  |
| Length of the course                               | 460m   |  |  |  |
| Design of the course                               | 6 x 13m lanes for W1; and 3 x 26m lanes for W6   |  |  |  |
| Proximity of the course to land                    | Less than 50m from shore at most points, and no more than 70m at any point.  |  |  |  |
| Anticipated wave / surf size                       | Nil, Flatwater venue   |  |  |  |
| Assessment of paddlers ability of competitors      | Competitors abilities range from novice to experienced paddlers  |  |  |  |
| Age Range of paddlers                              | 6 to 70 Plus   |  |  |  |
| Any pre-entry qualifying criteria                  | The safety briefing will cover the course and race procedures, as well as local weather forecast (including wind direction and strength) and the likely effects of weather on paddlers and contingencies in relation to weather.   |  |  |  |
|  | The safety briefing will cover how to raise assistance in an emergency, safe launching and exiting from the water, and safe beaching of waka, as well as what to do in the case of flipping.   |  |  |  |
|  | All waka will be safety checked prior to the start of racing, and after any incidents  |  |  |  |
|  | All competitors must be able to swim 50m or they must wear a lifejacket  |  |  |  |
|  | All junior paddlers (Midgets/Intermediate/J16/J19) must wear a PFD   |  |  |  |
|  | All competitors must be fit and competent of completing the course   |  |  |  |
| Start / finish area                                | Will be indicated on the day (according to the map on page 2). Competitors will be made familiar with course during the briefing.  |  |  |  |
| Water temperature                                  | Expected to be approx. 12 to 15 degrees (but will be confirmed before the event)   |  |  |  |
| Event apparel worn during event                    | Club uniform race tops and shorts, with dry fit/polyprop under garments; No Jeans, Tracksuit pants or heavy clothing. Light weight water shoes/sneakers are allowed, but no heavy shoes or gumboots in the waka/water.   |  |  |  |

| Water quality assessment | Water quality in the lake is good and is monitored by the lake owner, Geoff Spark. It is an irrigation lake, so fresh, clean water is regularly cycled through the lake, meaning issues like algal blooms are rare. The lake water quality will be checked in the month prior, and week leading up, to the event for suitability for contact recreation and swimming.  |
|--------------------------|--|
| Other considerations     | <ul> <li>Safety Requirements: <ol> <li>All competitors must read and have the event waiver explained to them.</li> <li>All competitors must sign a waiver confirming that they are able to swim, and if they can't, that they will wear a PFD during racing. They will also confirm they are aware of risks associated with sprint racing.</li> <li>All competitors must be fit and competent of completing the courses and the Race Director has the right to stop anyone from paddling who they believe is not competent of racing.</li> <li>All junior competitors will wear PFD.</li> <li>Junior crews can have an adult steerer who must not paddle or propel the waka in anyway.</li> <li>First aiders and trained lifeguards will be on site and identified during the race briefing.</li> <li>The starting boat and start line spotter will be in direct radio contact with the finish line/admin tent and race director at all times.</li> <li>Extreme weather conditions such as high wind and/or rain that jeopardise the safety of paddlers may lead to the postponement and/or cancellation of racing. Event organisers will endeavour to inform all entrants of this by email or phone, on, or before the day of the event of adverse weather conditions, as well as during the race briefing and throughout the day.</li> <li>All children must be supervised by an adult at all times on and off the water.</li> <li>Swimming may be done off the jetty away from the loading area, as well as at beaches to the North of the Spectator area, and South of the finish line.</li> <li>No Dogs are allowed at the venue.</li> <li>Cavid 19 – QR code posters will be printed and displayed to enable all attendees to check in using the NZ Covid Tracer App. A paper roll will also be on hand to record names and contact details for those who dont have the App and/or if the App / Electronic means do not work for any reason. Hand sanitiser will also be available at the event, and reminders will be sent out in the lead up to the event about the need for people to not attend and/or compete if th</li></ol></li></ul> |

## **RISK MANAGEMENT PLAN / RISK ACTION PLAN**

EVENT Te Waka o Aoraki Regional Sprints Race Director / Event Manager Craig Pauling / Caleb Te Kahu Date 10 December 2022

| Risk:<br>What could go wrong?               | Cause   | Prevention:<br>Eliminate/ Isolate/ Minimise   | Equipment  | Check<br>(tick) | Who is responsible?   | Eliminate,<br>Isolate,<br>Mitigate |  |

All crews must be familiar with huli       process and look after each other until support         arrives.       Race D |   | Race Director / Event Manager                                  |  |

### 4. SAFETY REQUIREMENTS (Equipment and Personnel)

Based on the risk assessment completed previously, personnel and equipment requirements will be determined for this event.

| Equipment Required                   | Number of equipment to be<br>used   | Number of experienced personnel | Personnel Competencies to use equipment  |
|--------------------------------------|---|---------------------------------|--|
| Support Boat (w/ throw/tow ropes)    | 1   | 2                               | Capable of assisting paddlers to shore   |
| Rescue Boards                        | 2   | 4                               | Capable of assisting paddlers to shore   |
| Radios and other communication tools | 3-5 VHF Radios (Start line; Start<br>Boat; Admin Tent; Loading<br>Area & Finish line)<br>1 x Portable Mic & Speaker | N/A                             | VHF with on water safety. RTS between land<br>management<br>Race and other important announcements |
| PFD's                                | 18 (1 for each seat in each waka that is racing)  | N/A                             | Brief and check fitting  |
| First Aid Station/Kits (& Ice)       | 1   | At least 1                      | First Aid person to hold current First Aid Cert  |
| Event signage/Maps etc               | 1   | N/A                             | Covered at race briefing   |
| Hand Sanitiser / QR Code Posters     | 6   | N/A                             | To provide for adequate C19 hygiene / Allow people to check in / trace                             |
| Portaloo                             | 1   | N/A                             | To provide for adequate sanitation on site   |
| Computers / Power Cables             | 1   | N/A                             | To provide for safe running of the event   |
| Tents / Shelters                     | 3 (Admin / Finish Line /<br>Loading area)   | N/A                             | To provide shelter for volunteers and equipment  |

#### **5. COMMUNICATION PLAN**

There will be direct (VHF radio) communication between:

### i. Race Director / Event Manager, Race Starter (Starter Boat) & Start Line Spotter, Finish Line Crew, Loading Bay Crew and Admin Tent

There will also be indirect (arm signals, whistle and/or voice) communication established between the competitors and start/support boat, and on shore personnel.

#### 6. PRE START SAFETY COMMUNICATION TO PADDLERS

a. General Safety

#### Pre Race Safety Briefing (will cover):

- 1. The course, local weather patterns, tide times, wind direction and the likely effects on paddlers and the explanation of the Safety Waiver.
- 2. How to raise assistance in an emergency, safe launching and exiting from the water, and who the First Aiders/Lifeguards are, and what happens in an emergency/safety incident.
- 3. Where paddlers need to go, and buoys to start, finish and turn on to be on the correct path for racing and loading/unloading.
- 4. That the Race Director or other event personnel can stop any paddler from competing/completing if they show signs that they will not complete it in an acceptable time or acceptable condition.
- 5. That the course may be changed by the Race Director due to conditions.
- 6. The process should any race need to be stopped for any reason.
- 7. A reminder for paddlers to hydrate, dress appropriately and apply sunscreen prior to and during the event.
- 8. That PFDs must be worn be all Junior competitors and those that cannot swim 50m.
- 9. That all Waka Ama NZ Race rules apply.
- 10. That everyone has check in using the Covid 19 QR Code and Tracer App (and/or on the hand written roll)

#### **Cancellation/Postponement**

Extreme weather conditions such as high wind and/or rain that jeopardise the safety of paddlers may lead to cancellation/postponement of the race. Event organisers will endeavour to inform all entrants of this by email by 4pm the day before the events or as early as possible on the day.

#### 7. PRE START SAFETY COMMUNICATION TO RACE PERSONNEL

- a. A register of all personnel present on the day of the event will be taken.
- b. The Event Manager/Race Director (or appropriately trained representative) should:
  - i. Run through all the safety and race instructions being given to the event paddlers;
  - ii. Run through the risk assessment for the event;
  - iii. Run through the role of the on water event personnel support, rescue, first aid;
  - iv. Run through the communication plan;
  - v. Outline what will happen in a rescue and/or emergency;
  - vi. Outline the role of the personnel: 1. At the start of each race; 2. During the race; & 3. At the end of each race
- c. Personnel Wellbeing and Personal Safety

The Event Manager should also ensure that all event personnel have the right equipment. Event personnel should be wearing appropriate clothing for the conditions and they should wear a hat to protect from the sun and have sunscreen available to use. Event personnel should be adequately hydrated and feed for the event.

#### 8. ON WATER SAFETY AND EMERGENCY MANAGEMENT

- A participant in distress will be approached by the closest available on water support personnel when they raise their paddle, or are in obvious distress
- Event personnel will assess the severity of the situation and determine whether further assistance is needed. If not, then the paddler will head on their way
- If support is needed, then the personnel on the scene at that time will call for the assistance of the nearest rescue boat and immediately start administering first aid if possible
- Another quick assessment will be made by event personnel
- If the situation is deemed an emergency, event personnel will immediately make radio contact (or cell phone call if needed) to the land based event manager and call for advanced paramedic support / ambulance and/or police and instruct them to meet at the emergency rendezvous point
- All efforts will be made to commence first aid treatment dependant on conditions
- Event personnel will then transport the participant to the agreed emergency rendezvous point and await support to arrive
- In the event that a support vessel has to take a victim to a different rendezvous point the land based event manager will liaise with the medical staff
- Race number of participant reported to the event manager
- First Aid personnel will continue first aid until it is suitable to hand over to the land based medical team and/or arriving ambulance paramedics if necessary
- Race numbers of all leaving the race reported to the event manager for counts

#### The following minimum first aid resources will be available at the event:

- Cell Phone and VHF Radios x 3
- At least 1 key personnel with Current First Aid
- First Aid Kit on shore and On the Support Boat
- Ice (on shore)
- Defibrillator (nearest one is at: West Eyreton School, 1629 North Eyre Rd Outside School Office / Phone 111 for Cabinet Combination)
- On Call 111 Ambulance

#### **Resources will be positioned at the following locations:**

• Admin Tent near the finish line (which is also the Emergency Rendezvous point) At least 1 x Qualified First aider on shore

#### 9. RESCUES OR FIRST AIDS DURING AN EVENT

The Event Manager should record all incidents during the course of an event - incidents will include:

- i. Event personnel supporting a paddler but allowing that paddler to continue
- ii. Event personnel withdrawing a paddler who they feel is not able to continue the event
- iii. Event personnel rescuing a paddler who identifies themselves as being in distress via physical or verbal communication
- iv. All first aid interventions as highlighted on hazard identification table.
- v. In case of serious injury, injured persons can be taken to A&E at Christchurch Public Hospital (2 Riccarton Ave, Christchurch Central, Christchurch 8011) or 111 called for an ambulance. If someone is required to be transported for minor to moderate (i.e. non urgent treatment) they can be taken to the following locations:

Oxford Community Medical Centre (10kms/10mins from Venue) Address: 39 Park Ave, Oxford, 7430, North Canterbury Phone: (03) 312 4195 www.oxfordhealth.nz/ Rangiora Health Hub (25kms/25mins from Venue) Address: 161 Ashley Street, Rangiora Phone: (03) 312 4195 www.oxfordhealth.nz/

**24 Hour Surgery** (45kms/35mins from Venue) <u>Address</u>: 401 Madras Street (Entrance on the left just before Bealey Avenue) <u>Phone</u>: 03 365 7777 <u>www.24hoursurgery.co.nz</u>

#### **10. POST EVENT DE-BRIEF**

There will be at least two levels of event de-brief.

- i. The Event Manager should meet with all event personnel immediately following the completion of the event. Areas to cover will include: an assessment of the risk factors, whether there was adequate on water presence, and areas where improvement could be made. This is a good time for the Event Manager to ensure that the lifeguards are all okay (physically and emotionally) and thanked for their efforts.
- ii. If there are other key authorities involved with the event, such as Harbour Master, Police etc then they should be included in this meeting if required

The purpose of the de-brief is to run through all aspects of the event for the purpose of assessing the effectiveness of the planning for this event, and areas that improvements could be made for similar events be held in the future.

Notes from these meetings should be recorded.

#### **11. POST EVENT SAFETY DE-BRIEF WITH ON WATER PERSONNEL**

Date: 17 December 2021 Time: 11am Venue: tbc

**Incident Summary:** 

# Interventions where the paddler continued# Interventions where a paddler was withdrawn# Rescues# First aid interventions

Incident forms completed for rescues and first aids: YES

NO

General comments from the event personnel about the event:
