- Taitamariki
- Intermediate
- Senior Master
- Golden Master
- Master 70
- Master 75
- Master 80

This rule **only applies** where a club does not have sufficient paddlers to form their own, stand-alone, W12 crews in those age categories.

A W12 crew made up of 2 clubs may be a combination of any number of paddlers from those two clubs. They must satisfy all other rules as specified in the [Race Rules](#). These crews will need to be entered online by the region, including paddler names.

TAITAMARIKI & INTERMEDIATE LIFEJACKETS

It is compulsory for Taitamariki & Intermediate paddlers to wear buoyancy PFDs/life jackets.

It is recommended that any other paddler wear a buoyancy PFD/life jacket should they deem necessary.

Inflatable PFD/life jackets are prohibited for our Taitamariki and Intermediates, as generally these jackets are made for adult sizes only once inflated. The safety of our Taitamariki and Intermediates is of the utmost importance.

MASTER 70, MASTER 75 & MASTER 80 - TIME PENALTIES

Master 70, Master 75 and Master 80 (men and women) teams will receive time penalties of 10 seconds per infraction in the heats, which may allow them to progress instead of being disqualified automatically. In the semi-finals and finals, regular disqualifications for infractions will apply.

ADAPTIVE W1 RACING - Wednesday 15th January

Adaptive W1 racing will take place on the same day as the J19/Adult W1 events.

To comply with the International Va'a Rules, adaptive races will be run by the classifications (VL1, VL1A, VL2, VL3, VL4). W1 ENTRIES AND QUOTA

Entry Fee:

If you have qualified and are entered in the W1 only the full fee is payable for your age category. There is no extra fee for entering the W1 events if you are also paddling W6/W12.

Quota:

To manage the W1 events it is necessary to limit entries. Therefore, a set number of heats for each category have been confirmed. Regions were allocated 4 entries for each race division, plus an extra quota for having finalists in the previous year's Nationals. See the event page for the [2025 W1 Quotas](#).

Should a region's quota be unfilled, paddlers on the waitlist in their region will get the first option to take up a spot. Should the region have no waitlisted paddlers, then all other waitlisted paddlers in that category across other regions will be ranked by waitlisting and then randomly drawn for available space.

Please note: Whilst there is a regional quota for W1, paddlers are representing their club within that region. Paddlers may only paddle for 1 club at the national championship. W1 racing contributes toward the club points for the Club Points Trophy

ID CARDS

Cost is \$7.00 (for new and replacement cards)

Orders received after the 3rd of January 2025 will cost \$17

- All paddlers must have a bar-coded ID card to be able to race.
- For new or replacement cards: Club reps must complete an application online using their login & password. Before you create a new ID, please search the database for the paddler you are registering in case they already have an ID number.
- Photos and verification documents can be scanned and emailed to admin@wakaama.co.nz

ID CARD TIP: To avoid the last-minute rush for club administrators you should start to collect new paddler verification documents and photos now, and do a few each week. It will save you a lot of work the week prior to Christmas when everyone is hectic or away and not able to access documents! And it will help our office immensely!

All hoe, life jackets/PFDs, clothing and footwear will need to be **Checked** and washed **Clean** of any visible debris before leaving Lake Karāpiro. On return to your whare, you will also need to follow the Clean and Dry instructions for your clothes, lifejackets, water shoes, and hats.

There will be dedicated wash stations set up for W1 and W6 waka, ama and kiato in the loading bay area - **ALL W1 waka will need to be Cleaned, and stickered BEFORE leaving the loading bay.** Please do your part, follow the instructions of the Kaitūao, and wait patiently for your turn.

CLEANING OPTIONS:

1. Soak in hot tap water (50–55°C) for at least 5 minutes; OR
